PRESIDENT'S MESSAGE

Happy March everyone!

I look forward to seeing everyone on March 2 at our next meeting.

It is hard to believe this warm weather. Who would have thought the daffodils would be in bloom already.

John and Bob have been working very hard on the Classic and will report to us on their progress. I'm sure they will have a laundry list of tasks that need to be done and volunteers needed to do them to put the show together.

As I said at our February meeting, I believe we are on the cusp of the Classic moving from a really good show to being a great show – it seems to get better every year.

All it takes is some good weather (not much we can do about that) and a strong and engaged volunteer group to create an experience that will draw visitors and participants in.....and keep them coming back.

Remember, the better the show, the more proceeds we have to share with local charitable groups and that's what it's all about.

We had a very good turnout at our February meeting. Let's keep it rolling (get it? Rolling....Cars....) on March 2.

Join us, bring along a friend, and see where you can help make this year's Classic the best one yet. See you there.

See Everyone on the 2nd.

SUNDAY AFTERNOON IN BESSEMER CITY – MECHANICS AT WORK

Hi folks,

Sunday's club work afternoon on Sam's 1973 MGB was a huge success. Seven showed for "hydraulic" day and we made great progress removing every part on the brake and clutch systems. All these parts were piled on a long table, and we wished Sam the best of luck putting it all back together :-)

All parts were inspected, including the front wheel bearings which were in great shape. Of course the Triumph guys had to point out that MG's don't go fast enough to EVER wear out bearings, and then the Healey guys claimed they have to change bearings every year! I fully expected the Jaguar guys to chime in, but nothing. Maybe Jaguars never run long enough to wear anything out! Much fun shop banter.

Of course we won't leave Sam alone, studying the shop manual trying to put his MGB back together. This coming Sunday, Feb 26th at 1:00 will be our next club work afternoon.

Come join the fun as we start putting the new brake and clutch parts in.

Even if you don't want to mechanic, come hang out. Curt Holland
